[§] Plan of study is a sample. Actual plan of study may vary based on advising and student goals.

*Science Electives and Related Cognate –Courses taken depend on career goals and graduate program admission criteria. Some courses require prerequisites. Students should consult with their advisor for appropriate courses to complete this requirement.

** AH *core* and *major* courses may be taken in any order. Not all *major* courses are offered every semester. Some *major* courses require organic chemistry and/or Biochemistry as prerequisites. Please consult with your advisor regarding availability and sequencing.

#This plan of study assumes the **foreign language** is completed prior to admission to the university. If a language is required, students may take these courses as electives. Students may also choose to incorporate a **minor** into their plan of study by utilizing elective credits.

W course requirement: Students are required to take 2 "W" skill coded courses. AH 4241W satisfies the "W" in the major. *Students should take the second "W" as a general education, elective, related cognate, or AH major course.*
