AH 2001 (major required*; may be taken any semester)	2		
	17		15
YEAR FOUR			
BADM 3730 (major required*; may be taken any semester)	3	BADM 2710 (major required*; may be taken any semester)	3
AH/CAHNR option*	3	AH 4239 & 4240W (major required*; may be taken any semester)	3
AH/CAHNR option*	3	Related Cognate* ^f	3
Elective#	3	Elective#	3
Elective#	3	Elective#	3
	15		15

Total 121-125 credits - 120 credits required for graduation (total credits vary depending on credits assigned to required, elective, general education, AH major, and related cognate courses). Courses on P/F cannot be used to satisfy general education, AH major, and related cognate courses requirement.

[§] **Schedule sequence** – The above sequence of courses is a *sample*. Actual sequencing may vary based on advising and student goals.

[#] **Electives** - The total number of elective courses needed to meet the 120 credits for graduation will vary depending on the number of credits assigned to each course. *Students may need to take additional electives.* Students should track credits for graduation carefully and take elective credits accordingly. Students can utilize electives to complete prerequisite requirements for advanced courses, Minors, Experiential Global Learning (Study Abroad), Internships, Research, and/or courses required for graduate admissions. This plan of study assumes the **foreign language** is completed prior to admission to the university. If a language is required, students may take language courses as electives.

^f **Related Cognate** – Students typically utilize Related Cognate courses to complete career goal interests and/or graduate program admission criteria. The same course *cannot* be used for an AHS major required, AHS/CAHNR option and a Related Cognate. Students should consult with their advisor for appropriate courses to complete these requirements.

* **36-Credit Requirement** – 36 credits of coursework 2000-level or above is required for graduation (see reverse side of form). **Please make special note of required courses for this concentration.** Most courses may be taken in any sequence. Not all courses are offered every semester. Some AH major courses are restricted to students in their junior year and above. Some AH major courses require prerequisites (i.e. statistics). Please consult with your advisor regarding availability and sequencing. Additional courses in AH and CAHNR not used to meet AH major requirements maybe used to meet Related Cognate requirements.

⁺ **Chemistry sequence:** While the major allows different chemistry sequences to meet program requirements, chemistry sequence taken will be dependent on career goal and graduate program admission criteria. Students should consult with their advisor for appropriate courses to complete this requirement.

W course requirements: Students are required to take 2 "W" skill coded courses. **AH 4240W satisfies the "W" in the major.** *Note:* AH 4240W requires concurrent enrollment in AH 4239. *Students should take the second "W" as a general education, elective, related cognate, or AH major course.*

Environmental Literacy: Students may complete the Environmental Literacy (E) requirement as either a GER, Elective, AH major or Related cognate.

36-credit Major Requirements for Allied Health Sciences Major

Concentration in Healthcare Administration

Beginning Catalog year: 2022-2023

Students must complete a minimum of 36 credits in the major. Courses meeting the 36-credit major requirements must be 2000-level or above and have a combined grade point average of at least 2.0 (C). Students can include up to 8 credits *only* of coursework from a minor to meet this requirement. Students can include no more than 6 credits in transfer with advisor and department head approval. Students can include no more than six credits of Satisfactory or Unsatisfactory (S/U) coursework. Some courses have prerequisites; students are advised to reference the catalog for course requirements. Some courses may require departmental/advisor/instructor consent; Subject to availability.

Concentration in Healthcare Administration	
Required	AH 2001 Medical Terminology AH 3570 Health and Safety Management in the Workplace *AH 4239 Research Methods in Allied Health *AH 4240W Writing for Allied Health Research ("W" in the major) *Students must register <u>concurrently</u> for these courses ACCT 2001 Principles of Financial Accounting BADM 2710 Principles of Managerial Accounting BADM 3730 Financial Management HCMI 3240 Introduction to Health Care Management HCMI 3243 Health Care Industry Analysis PSYC 2600 Industrial/Organizational Psychology
